

Vector X11 13.5 T Brushless Stock Spec

Controlled Brushless Power for STOCK Racing

Controllability was never that easy before! The new VECTOR X11 Stock Spec is tailor-made for all kinds of controlled stock racing.

Due to the laser engraving and the colour-coded aluminium ring in the teardown the numbers of turns can easily be identified. In addition the VECTOR X11 Stock Spec includes a black coloured magnet and motor shaft which make this motor as easy controllable as never before!

FEATURES
