THE NEW MONSTER COMPETITION ENGINE!

The latest addition to our high-end Nitro competition engine line is also the most massive. It offers torque that you'll hardly be able to handle. The XTEC PowerCarb 3 15S-2 carburettor was designed for maximum power and easy adjustability at the same time. The cooling head's new cooling fan arrangement will create improved cooling and consequently higher efficiency.

The engine fits all major 21. Engine mounts and the standard burn room guarantees easy adjustment of the engine in all conditions. All LRP ZR.32X Spec.4 engines come equipped with a free LRP Platinum / Iridium R5 glow plug.
