

LRP SHARK-18 ATV RTR

LRP combines the advantages of the SHARK-18 Race Monster Truck with the fun of a 1/8 scale quad: the new LRP SHARK-18 ATV!

The LRP SHARK-18 ATV has been developed as a pure fun racer right from the start. The quad is based on the numerously proven SHARK-18 Race Monster Truck. Many developments provide the driver with great driving pleasure on- and offroad. The SHARK-18 ATV has oversized tires with supergrip spikes for even more impassable terrains. In addition, the quad includes a finely cut-out and painted bodyshell and a rider figure with many details. So the ATV becomes an eyecatcher par excellence! This 1/8 scale model gives you pure fun wherever you want. 100% All Terrain Vehicle!
