

LRP SHARK-18 Nitro Race Monster Truck RTR

LRP is again one step ahead of the competition. The SHARK-18 NITRO Race Monster Truck RTR is a smash hit! This model combines the hottest features in the R/C car world: compact size, top offroad performance and NITRO Power = 1/18 fun to perfection!

LRP is again one step ahead of the competition. The SHARK-18 NITRO Race Monster Truck RTR is a smash hit! This model combines the hottest features in the R/C car world: compact size, top offroad performance and NITRO Power = 1/18 fun to perfection! Based on the highly successful LRP SHARK-18 platform, the NITRO Race Monster Truck is the logical evolution of the LRP car competence.

Many high-tech features were taken over the Race Monster Truck, such as 4WD shaft all-wheel drive, pivot ball suspension on the front axle, 4-spider differentials, completely pre-mounted with low friction ball bearings and much more.

The core is the Nitro power pack from LRP: the LRP Z1.2S Pullstart engine! After long development work and intensive tests, the LRP Z1.2S motor is the ultimate power pack for the SHARK-18 NITRO Race Monster Truck. The top speed and power of this small block engine sets new dimensions of pure driving pleasure for this LRP 1/18 model. #111500

Due to the enormous power of the LRP Z1.2S Pullstart engine and the perfect suspension, the agility and driving pleasure of the LRP SHARK-18 NITRO Race Monster Truck can be compared with a 1/10 stadium truck.
