

Double Dees - 4wd front, green (fits 2.2 4wd front wheel)

The JConcepts Double Dee's tire is perfect for a variety of track surfaces.

The especially unique Double Dee lug technology combined with the sticky green compound allow the flexibility necessary to compete on even the most demanding surfaces for an extended period of time. Double Dee's are good to the last drop as the design allows even wear all the way down to the tire body.

The Double Dee's incorporate a compact tire body with crisp tread and separation for intense racing. Double Dee's excel on outdoor hard packed clay surfaces with either dry or wet conditions.

Double Dee's are at their best when used on a surface with a blue grooved surface.

FEATURES

#J3003-02

- Compact tire body with crisp tread and separation
- Aggressive square Double Dee lug technology
- Includes firm And-1 foam inserts for 1/10th tires
