## S10 Blast TC 2 Brushless RTR 2.4GHz - 1/10 4WD Electric Touring Car

The touring car featuring World Champion sensored technology!

The S10 Blast TC 2 Brushless is an ultra fast 4WD touring car, powered by LRP Spin Pro RTR speed control and LRP Vector K7 8.5T motor.

Its basis is a specially developed 4WD chassis concept that fulfils all demands on a 1/10 4WD touring car. From the suspension to the drive – everything has been precisely adapted to the needs of onroad driving. Depending on the track layout, the suspension geometry can be completely adjusted. All electronic components are splash-proof.

In addition, the model convinces with big oil filled shocks, CVD drive shafts front and an extremely low ground clearance.

## **FEATURES**

- Splashproof LRP R-7103WP servo
- Fully adjustable onroad race suspension for perfect handling performance
- Left/right turnbuckles in front and rear
- Low maintenance and efficient universal drivetrain
- Reinforced front suspension
- Blue anodized aluminium motor mount
- Blue anodized aluminium suspension arm holder front and rear
- Stylish body shell in airbrush design
- Race-proven VTEC high-grip tyres
- Easy to understand user manual including beginner and tuning guide
- Steel differentials front and rear
- Swaybars front and rear for improved cornering
- Splashproof receiver box
- Completely built and ready-to-run
- Next generation LRP Vector K7 4300kv Brushless power
- 1/10 4WD Brushless Touring Car
- LRP 2.4GHz FHSS A2-STX Pro radio system
- Completely sealed drive train protects the gears against stones, dirt and dust
- Completely built with ball bearings

- CVD driveshafts front for constant power transmission and minimized losses
- 4 "Big Bore" oil filled shocks for perfect roadability on every surface
- All spare parts available

## **TECHNISCHE DATEN**

- Length 414mm
- Width 190mm
- Height 120mm
- Wheelbase 262mm
- Drive system 4WD shaft drive
- Gearing 48dp
- Gear ratio 6.57:1 32/72
