

#65221

### ZIP Plus 3 super glue

Ideal for bonding tires and other materials. The high breaking strength of the adhesive maintains the elasticity of the tire sidewalls and the tires fitted on the rims!

Perfect interaction of all components and use of professional materials are the keys to success in racing. Any successful R/C pilot will tell you this. To meet these requirements, the LRP Factory Team is continuously developing new high-quality tools and additives. Together they make up the LRP Blue Factor Line.
